

Clipper ID is a fully compliant NurseCall System that not only delivers the highest standard of reliability at a remarkably low price but also provides operators and carers with peace of mind that their hard work and commitment to residents is recorded.

Clipper ID logs all NurseCall activation and cancellation times along with the ID of the staff member. Clipper ID also has full integration with Light guidance and dementia monitoring, WiFi and DECT telephony and many other accessories.

Features:

- Fully monitored reliability
- Silent option
- Staff ID recording
- Integrates with ENS dementia technology
- Wireless triggering
- Mobile phone integration
